- **Congratulations to Joel Gerhardt and Mandy Davidson** as they celebrate the Sacrament of Matrimony on **July 16** here at Cathedral!
- The **Cathedral Technology Steering Committee** has been working hard towards revising and updating the Cathedral technology plan. Their focus is on the entire campus and includes prioritizing the needs of our parishioners, staff, students, school, and ECC families, and others who participate in our parish ministries. Their objectives include 1) building and maintaining communication with the members of our community; 2) integrating more technology in the classrooms; 3) identifying the needs of the faculty and the necessary technological tools to enhance learning experiences; 4) utilizing social media and current technology for marketing and public relations; 5) studying our infrastructure to identify any building issues and/or needs, the types of necessary resources, and structural requirements to accomplish our goals; and 6) identifying funding goals, needs, and sources. We **thank the committee members** for their vision, energy, expertise, and help: **Justin Copeland (Chairperson), Fr. Joe Powers, Dee Babcock, Mary Burgess, Danielle and Nathan Byrne, Frank Leone, Jim Lower, Terri Modlin, Stet Schanze, Bryan Seiter, Lauren Supple, Jeff Welter, and Mike Welsh!** We also welcome any parishioner, staff member, and/or school and ECC family who are interested to join our Technology Committee.
